## OUTSIDE OF THE TRIO

Kentucky Democrats May Look For Their Candidate.

## DEADLOCK SEEMS CERTAIN.

No Material Change In the Onbernatorial Situation Up to a Late Hour. Hardin Managers Execute a Clever Coup.

Louisville, June 26.—There is no sign of an agreement between any two of the Democratic candidates for governor. Candidates and their managers have been on the go all day, out on conference, but so far to no purpose. The 1,093 delegates are divided so near evenly there is not a difference of 30 votes in the strength of the three candidates, Stone, Goebel and Hardin. But of these Goebel is the strongest because of the solidity of his support.

There has been a break in the Stone-Goebel combination since balloting began, caused primarily by the action of Goebel's managers in voting the 70 votes of Louisville solidly for the Kentucky county leader on the first ballot. The Stone people say their understanding that the vote was to be divided equally between Stone and Goebel. Chagrined as the Stone people are, it is not believed they can, in a spirit of revenge, bring about the nomination of Hardin. On the other hand the Hardin people cannot throw their strength solidly to Stone, for they are divided in the matter of a second choice, and as was the case Saturday many would go to Goebel in case of a break.

A noteworthy feature of the contest is the Hardin campaign. Coming into the convention with a hundred votes short of a majority of the delegates, beaten at every point in the temporary organization and weakened by adverse decisions by the credentials committee involving scores of seats, the Hardin managers with consummate cleverness jumped into the fight when the game seemed lost, withdrew the name of General Hardin and left Goebel and Stone to fight it out. These two fell into the trap and flew at each other's throats with the result that when the convention adjourned Goebel and Stone had split and Hardin on the last ballot stood second in recorded votes.

Meanwhile the three-cornered fight grows warmer, and the delegates who have spent nearly a week trying to nominate a state ticket may yet have to look outside the trio now occupying the ring to find a leader upon whom they can unite.

### Work of Fish Commission.

Washington, June 26.—The work of the fish commission is practically completed for this year. The reports will show that it has been the most successful year in the history of the commission. The great bulk of the work has been in the collection and distribution of the eggs and fry of commercial food fish, and this year more cod, white fish, pike, perch, bass, flat fish and lobster have been planted than ever before. The catch of shad reached 13,000,000, an increase of 150 per cent in 14 years.

### Denies the Charges.

Anniston, Ala., June 26.—Judge J. H. King of this city was receiver of public moneys at Perry, O. T., under the last Democratic administration, and is probably the J. H. King referred to in the dispatch from Guthrie as being charged with bribery in the administration of his office. He denies as willful and malicious lies any charges connecting him with bribery or official corruption.

### To Meet Dreyfus.

Brest, France, June 26.—The French first-class cruiser Tage put to sea, the official explanation being that she has gone to experiment with carrier pigeons. She is, however, a much larger cruiser than the Sfax, which is bringing Captain Dreyfus. The pigeons can be used to announce the transfer, and the Tage might proceed to another port to land the prisoner.

### Quite a Mixture.

New York, June 26.—The United States transport Buford arrived from Havana with 32 cabinet passengers, 29 Cubans, seven destitute Americans and 93 discharged soldiers and government employees. Twenty-four of the Cubans, 10 adults and five children, are under charge of James H. Shunk, who represents the Cuban exhibit at the Omaha exposition.

### Kentucky Republicans.

Frankfort, Ky., June 26.—Attorney General Taylor, candidate for the Republican nomination for governor, received big gains, Republican conventions giving him 73 instructed votes, or within 160 votes of enough to insure his nomination on July 12.

## LOST IS FOUND.

Varied Experiences of a Theatrical Agent Who Disappeared a Year Ago.

St. Louis, June 26.—Frank Connolly, who was acting as treasurer of the Thomas W. Keene Dramatic company in the spring of 1898, when he mysteriously disappeared from Chicago, has turned up in St. Louis, after a varied experience. According to Connolly's story, he had supper that evening with a woman friend from Pittsburg. After that until two weeks later, when he came to in a freight car near Mattoon, Ill., everything was a blank to him. He was minus \$400 in money and several hundred dollars' worth of jewelry. He was taken to a hospital, where he recovered from a severe illness, which was the result of being drugged. Connolly went to Cuba and acted as correspondent for a number of American papers during the war.

### Only One Outbreak.

Cleveland, June 26.—Only one outbreak of violence attended the resumption of traffic on all the lines of the Big Consolidated street railway. A party of 25 men assembled on the outskirts of the city, and whenever a car came along with a nonunion crew, the passengers were asked to disembark and wait for a car manned by a union crew. In most cases the passengers did as requested. A nonunion conductor undertook to argue with the crowd and he was promptly struck over the head with a club and he and the motorman driven away. The mob refused to permit the car to move until a union crew came along and pushed it to the barns.

## FOURTH OF JULY

Will Be Appropriately Celebrated by People of San Juan.

Washington, June 26.—The citizens of San Juan, the capital of Porto Rico, propose to display their patriotism and fidelity to the government of the United States by celebrating the Fourth of July in good American style. A committee of 25 of the leading citizens of San Juan have prepared an elaborate program for the occasion. There will be addresses by prominent citizens on the significance of the day and at night there will be a great display of fireworks.

### Sad Double Tragedy.

Adamston, W. Va., June 26.—Jay McClung, 12, feared a tramp on the railway track near here. The tramp threw a stone at him, which fractured the boy's skull. Policeman Waldo chased the tramp, firing at him till he plunged into a creek and tried to swim across. Vallie Boughton, a lad, driving his cows on the other side, fired at the tramp and killed him. It now turns out that the tramp was E. A. Young, the somewhat weakminded, but inoffensive son of a respectable family of Buckhannon, W. Va., who was given at times to wandering about the country.

### Trial of Alleged Counterfeiters.

Philadelphia, June 26.—The trials of the ex-United States district attorney, Ellery P. Ingham and Harvey K. Newitt, his law partner and former assistant, who are under indictment on the charge of aiding and abetting in connection with the famous Jacobus-Kendig-Taylor revenue cigar stamp counterfeiting conspiracy, which were to take place Monday, have been postponed until October 9. The trial of the six other defendants also go over. The illness of Mr. Ingham is the cause.

### Letters From Mrs. Collier.

San Francisco, June 26.—Two letters received from Mrs. Evelyn Collier, who is now in jail at Hermosillo, Mexico, tell the story of her arrest, trial and sentence to four years imprisonment for shooting and killing a Mexican who forced himself into her home, when she was alone and attempted to assault her. She is an American woman who lived with her brother William Frost, at Ures, Sonora.

### Victims of Yellow Jack.

Santiago de Cuba, June 26.—Thirty-three cases of yellow fever with five deaths have been officially reported since the beginning of the present outbreak. One of the deaths occurred in the Fifth Infantry. The other four fatal cases were civilians. Captain Fabricius, a popular medical officer, is among the dead.

### Tobacco Girls Strike.

Richmond, Va., June 26.—While the strike of 1,000 girls employed at the Whitlock branch of the American Tobacco company is still on, the chances seem to be that at least half of them will soon return to work. A committee of ministers has interested itself in the matter and is endeavoring to bring about a settlement.

### Dunkard Clergyman Dead.

Kansas City, June 26.—Rev. Paul Wetzel, one of the first German Dunkard clergymen to preach in this country, is dead in his 76th year. He had preached in Somerset county, Pa., Franklin Grove and Lena, Ills., Grundy Center, Ia., and McPherson, Kan.

## ANOTHER CUBAN HOWL

General Brooke's Political Appointments Do Not Suit.

## MILITARY BEING IGNORED.

Members of the Assembly Say That This Course of the Americans Will Eventually Lead to Trouble of a Serious Nature.

Havana, June 26.—At a meeting of the Union club, an important organization including some of the best people of Havana, political matters were discussed. Among those present were several appointees of Governor General Brooke, but they took no part in the discussion. One speaker, a Cuban officer, said General Brooke was following a wrong course in giving politicians government positions, while military members were getting nothing.

"This method," he declared, "will eventually lead to trouble. Those who defended the country deserve recognition and will tire of being constantly ignored."

Another speaker said: "Only those having influence with Secretary Alger, through Washington connections, are able to secure appointments, and there are some of those who were not in Cuba during the war."

The society of Veterans of Independence, organized by the leaders of the former military assembly, continues growing and enlisting all who are willing to work unselfishly. It is composed of three classes—members of the army, civilians who acted as agents in the Cuban cities during the war and those who were deported by the Spaniards. Headquarters will be established in the capitals of the various provinces.

### Was She Murdered?

Wichita, Kan., June 26.—When the body of Miss Belle Slavin was found early Thursday morning in the office of the National Bank of Commerce, death having resulted from a bullet wound in the head, it was supposed that she had committed suicide. Later developments seem to indicate that the young woman was murdered. Miss Slavin was the bank's stenographer, and was frequently employed at the bank until a late hour. It is thought she was shot by a robber, as her keys were found to be missing and papers scattered around the floor.

### An Insect Fertilizer.

Washington, June 26.—The agricultural department has issued a bulletin treating of the probable success of the efforts of the department to establish the Smyrna fig industry in California. It appears that the fruiting of the Smyrna fig is dependent upon the introduction from South Europe and the establishment in California of a little insect which fertilized the fig.

### President Dwight's Farewell.

New Haven, Conn., June 26.—President Timothy Dwight, the venerable retiring president of Yale university, preached his last baccalaureate sermon before the graduating class of academic and scientific department. The occasion was also the fiftieth anniversary of President Dwight's own graduation. His address was largely of a retrospective and personal nature.

### Fugitive Neal Dead.

Chicago, June 26.—"Dutch" Neal, the St. Louis pugilist who fell unconscious in the ring last Wednesday in the sixth round of a glove contest with Harry Peppers, the California middleweight, died without having regained consciousness. Neal's death is attributed to a blood clot on the brain, resulting from over-exertion while in an unfit physical condition.

### Alger to Stay.

Detroit, June 26.—"The avowed candidacy of General Alger for the United States senate will have no effect on his cabinet position," said one of his most prominent friends. "Nor will it lead to any unpleasantness. The president knows that General Alger was his friend and supporter in Michigan, and there is no reason why his candidacy should affect him."

### National Songfest.

Cincinnati, June 26.—The Golden Jubilee of the North American Saengerbund will no doubt be the most largely attended event this week that was ever known in this city. There are quite a number here now rehearsing for the concerts which begin on Wednesday. The musical societies are arriving.

### Return of the Cleveland.

San Francisco, June 26.—The United States transport Cleveland arrived from Manila via Yokohama. She brought but two passengers, both from Yokohama. The voyage from Manila occupied 41 days.

## CHASE CASE

Attorneys Present Reasons For and Against the Return of Duhmes.

Detroit, June 26.—The testimony in the Chase-Duhmes extradition hearing before Governor Pingree was concluded. Alfred Russell, counsel for F. S. Chase, father of Moses Fowler Chase, began the argument in behalf of the application for a requisition for a requisition upon Governor Roosevelt for the return from New York of the Duhmes and of Charles Peterman, Moses' alleged abductors. Mr. Russell asserted that it was perfectly apparent that there was a deep-laid plot by which five persons by concurrence met here and abducted the boy, who in reality was incapable of forming an intention for himself. John D. Coneley opened for the Duhmes. He asserted that Moses was his own master and that his father had no right on his coming of age to assume charge of him and hurry him to Indiana, so that, as suspected, the father could be appointed his majority guardian. The act of the Duhmes, he contended, was but a rescue, sought by Moses himself.

### A Riot Over Religion.

Vancouver, B. C., June 26.—Three rival factions of Indian community at Port Essington had a bloody fight. The steamer Princess Louise brought the news here and many of the Indians who took part in the fight came with her. It appeared that a few weeks ago the Indians encamped at Essington went on a strike in the salmon fishing business. A corps of Salvation Army arrived shortly afterwards and commenced to hold revival services. These were very popular for some time, and the Methodist and Church of England missionaries then decided they could imitate the example of the Salvationists, so that soon they had the camp about equally divided between them. This condition of affairs resulted in a serious riot.

### New Incorporations.

Columbus, O., June 26.—The W. G. Woodmansee Piano company, Cincinnati, capital stock \$50,000; the Forest City Medical Institute, Cleveland, capital stock \$15,000; the Tiona Oil company, Cleveland, capital stock \$10,000; the Fred G. Clark company, Cleveland, capital stock \$100,000; the Esigle Brewing company, Toledo, certificate of decree of common pleas court of Lucas county, changing name to the Schmitt Brewing company; the Anderson-Stark Grocery company, Lorain, capital stock \$30,000; the Mahoning Valley Traction company, Youngstown, capital stock \$10,000; the Madison Chemical company, Madison, capital stock \$25,000.

### Negro Prisoner Warned.

Brunswick, Ga., June 26.—An unknown negro was burned to death in Everett City jail about 3 a. m. and the sheriff and county officers are after the men who are believed to be the ones who set fire to the building. The negro was placed in jail for stealing a ride from Jacksonville on a Florida Central and Peninsular train. He would not give his name. A few hours previous to the burning several prisoners escaped from the jail and it is believed the men returned and set fire to the structure.

### May Prove Fatal.

Fresno, Cal., June 26.—Gregory Quigley and Morris Seeborg, two prominent young men of this county, participated in a ring contest three miles south of this city which is likely to result in a tragedy. In the thirty-first round Seeborg slipped and fell to the floor. As he was falling Quigley landed on his head. Seeborg was removed to his home and since that time has remained unconscious. The attending physicians say that he cannot recover.

### To Fill Vacancies.

Washington, June 26.—Colonel Mills, superintendent of the military academy, has recommended that the existing cadet vacancies, about 50, from congressional districts be filled this year from the September examination. Members of congress from the respective vacant districts have been called upon by the war department to nominate candidates to report at West Point on August 23, 1899.

### Did Not Advise It.

Victoria, B. C., June 26.—In an interview printed in a late issue of the Klondike Miner, Commissioner Ogilvie states that he never advised the imposition of royalties on the gold output. The commissioner has not lost faith in the richness of the country and predicts that the whole district in the vicinity of Dawson will probably yet yield \$100,000,000 in gold.

### Wadley's First Speech.

New Haven, June 26.—President-elect Arthur Twining Hadley delivered his first speech since he was made the official head of Yale, before the graduating class of the Hillhouse high school, this city, and made a profound impression. Professor Hadley attacked trusts, praised the navy and criticized the army.

## AMERICA CUP IS SAFE.

Trial Trip of the Columbia a Great Success.

## MET IN A FRIENDLY BRUSH.

Old Racer Defender Vanquished With the Greatest Ease, the New Yacht Showing a Wonderful Burst of Speed.

Newport, R. I., June 26.—The first trial trip of the new American cup defender Columbia, which took place in Narragansett bay was more successful than either her builders or her owners had reason to hope.

Not only did the new boat show herself to be able in every particular, but she met the old racer Defender in a friendly brush of a mile to windward and vanquished her with the greatest ease. The race between the flyers, which was over in five minutes, was sailed in an eight-knot breeze under the same conditions, each boat carrying three lower sails with sheet well flattened. It took the Columbia about three minutes sailing from the Defender's weather quarter to blanket her, and in five minutes she was 100 yards ahead, going past the old cup defender as if the latter was anchored. Under these conditions it would seem as if the Columbia were from 15 to 20 seconds a mile faster than the Defender, and if she can make the same gain in a hard-blow the safety of the America's cup will be considerably allayed.

The trip was the builders' trial, and although the managing owner, C. Oliver Iselin, and a number of his yachting friends were on board, still the Columbia's designer, Nat Herreshoff, was in charge and after the sail down the bay the boat was towed back to Bristol for a few minor repairs.

### Dr. Thompson Accepts.

Oxford, O., June 26.—Dr. W. O. Thompson, president of Miami university, has signified his intention to resign the presidency of Miami university and to accept the call of the Ohio State university to be its president. In his letter to John W. Herron, president of the board of trustees of Miami university, he says his resignation will take effect July 1, but he will give a portion of his time during July to the settling up of affairs with the university. In his letter to the Ohio State university he says he expects the unanimous election to take effect on August 1.

### To Strengthen the Artillery.

Washington, June 26.—The war department has become impressed with the necessity of increasing the efficiency of the artillery force on duty in the Philippines. There are already a large number of batteries in the archipelago, doing duty as infantry, but there is a movement on foot to furnish them with guns adapted to use in that country and the department is now engaged in a series of experiments to demonstrate the most effective form of light gun for use against the insurgents.

### Went Chambers Retired.

Berlin, June 26.—The officials of the German foreign office question the correctness of some of the later news from Samoa. They say the abolition of the kingship is entirely acceptable to Germany which never espoused the cause of either candidate. While admitting Chief Justice Chambers' competency, the foreign office questions the correctness of his decision in the premises and doubts that the commission has decided to leave him in office. They say he should be retired like the others.

### Her Husband's Guardian.

San Francisco, June 26.—Mrs. Minnie Field has been appointed guardian of her husband, Mayer Edward Field, of the United States army, who broke down physically and mentally several weeks ago. As he is not competent to transact business, his wife applied for letters of guardianship so that his personal matters might be attended to by her in a legal manner.

### The Newark at Valparaiso.

Santiago, Chili, June 26.—The United States cruiser Newark, commanded by Captain F. C. Goodrich, has arrived at Valparaiso. The Newark having run short of coal, the Chilean government dispatched the gunboat Pisagua with 200 tons of coal to Port Low to supply the cruiser and enable her to continue her voyage to Valparaiso.

### In a Valley.

Cairo, June 26.—Deserters who have reached the British lines say the khalifa is confined in a narrow valley by the Tagaas, a friendly body of tribesmen. The latter claim to have killed 500 of the khalifa's followers during the recent engagement. It is not thought likely the Tagaas will be able to capture the khalifa.

### DEMOCRATIC TICKET.

For Representative,  
JOHN W. ALEXANDER.

For Railroad Commissioner,  
A. W. HAMILTON,  
of Mt. Sterling.

INDICATIONS.—Partly cloudy to-day  
and Tuesday, easterly winds.

The Democrats are seeming to grow more and more certain that a firm stand against trusts is the thing. But how are they going to get up an issue with the Republicans on that score? The Republican platform will doubtless declare just as strongly against trusts as the Democratic.—Indianapolis News.

But what will Republican declarations amount to when it is known that the Republican tariff law is "the mother of all trusts?"

Here is a brief but striking pen picture of the man who will likely be the Republican nominee for Governor next November:

Taylor is something of a political charlatan. He has been grasping at every sign of popularity, and has never hesitated to shift his course to suit his crowd. He was in days not long gone a rampant greenbacker and "flat money" advocate, and now he is noisy in his position as a gold bug. He is not profound, nor is he a genius. He is plainly an energetic demagogue, full of impudence and demagoguery. The Democratic party of Kentucky might be split in twain, and put out two tickets, and yet Taylor, with the whole backing of his party bosses, would be third in the race.

### SHERMAN ON THE PHILIPPINES AND MCKINLEY.

John Sherman can not reconcile himself with the course of the Administration towards the retention of the Philippines. In an interview he says:

The Philippines were no help to Spain in developing her own country and keeping out of foreign trouble. The Philippine natives had about taken those islands from Spain when we went there, and we appeared to the natives in the light of a faithful ally. Now we are fighting the natives as if we were the Spanish. The Chinese trade we can have by arrangement with the Russians and the English. We are, in fact, right upon the Pacific ocean, and our natural base of trade with China is from California and Washington State. How can that trade be helped by forming another base away beyond China?

In speaking of McKinley Mr. Sherman does not seem to have a very high opinion of his statesmanship. He says:

"He was a Congressman that we had to hold up and assist. There was nothing in his course except trimming to the wants, as he supposed them to be, of his immediate constituency. His hold upon the district was not firm. Yet he unaccountably received the Presidential nomination, when the tariff policy, pushed to the extreme, had caused us to lose the administration and many of our States. As McKinley was an expansionist on the tariff, he became an expansionist against the views he declared to us in the matter of these distant possessions. And still his purposes are not clear or determinate, and I suppose, as you say, that the great activity in business and the forming of trusts has dropped the public attention from the far-reaching consequences of these amended and still vague purposes of Mr. McKinley. One result is that our public news is nearly all about foreign and far away countries. The military spirit is growing in a time of absolute peace at home, and after our bravery is perfectly understood and approved."

### River News.

Nearly 7,000,000 bushels of coal are afloat in the Cincinnati harbor.

Nisbett down this afternoon for Cincinnati and Avalon this evening for Louisville. Stanley up to-night for Pomeroy.

The Virginia passed down Saturday afternoon nearly a day late, but she was back here at 8:30 Sunday morning en route to Pittsburg.

The New South had several hundred people on her excursion Sunday. Quite a number of Maysville people made the trip to Manchester and return.

The Queen City went through to Pittsburg last week without any trouble from low water, and is due down this evening with a big trip of freight and passengers. Among the passengers are forty-four students from the University of West Virginia.

Mr. A. R. Howard, of near Murphysville, has purchased this season over 750,000 pounds of tobacco, which he is having priced at five places in Mason County.

On July 2nd, 3rd and 4th the L. and N. will sell round trip tickets at one and one-third fares to all stations on their line and N. C. and St. L. railway. Return limit July 7th.

## ELEVEN BALLOTS

Taken by the Democratic State  
Convention Saturday but  
No Nomination.

Convention Reconvened at 9 O'clock This  
Morning—Exciting Times at  
Louisville.

When the Democratic State convention adjourned at 11:30 o'clock Saturday night, it seemed no nearer a nomination for Governor than at the start.

Eleven ballots were taken, the first resulting: Goebel 359 2-4, Stone 377 5-6, Hardin 354 2-5. The last was Goebel 346 3, Stone 378 4, and Hardin 365 4.

The most sensational incident of the many exciting events of the day was the withdrawal of Gen. Hardin as the convention was on the point of beginning the first ballot. Many of his votes went to Senator Goebel and at one time the latter had eight more votes than enough to nominate him, but changes were made, and Gen. Hardin remained in the fight. His withdrawal was simply a shrewd move to demonstrate to Stone that the Western Kentucky man was not the only one in the fight.

The Courier-Journal thinks Senator Goebel is absolute master of the situation. It says:

"Credited, as he has been by his friends, with being a remarkably cool and shrewd politician, the Senator from Kenton has thus far forced his bitterest enemies to admit his skill as a political manipulator."

"By Saturday's work he not only put himself in the position where he can be the contending delegate on the final ballot, but he has clinched the State organization of the Democratic party beyond recovery by his opponents."

"It was plain when the session began Saturday night that Senator Goebel could not be dropped first, and, therefore, that eventually the contest must come again between Stone and Goebel, as it did when Mr. Hardin withdrew, or else it must come between Hardin and Goebel. The managers of Senator Goebel claim that in either event he will win, on account of the inability of the Hardin or Stone managers and delegates to maintain a solid front. The Goebel managers claim that their candidate will receive from the ranks of the candidate dropped enough votes to nominate him. Some of the most influential Hardin managers, among them Mr. John B. Thompson, declare that if Hardin, who was re-entered in the race, is again dropped they will do all they can to nominate Goebel over Stone. A similar situation exists in the Stone camp, whereas Goebel could throw his vote almost solidly wherever he might want it to go."

To-day's Courier-Journal says Hardin and Stone have combined, their aim being to drop Goebel first and let these two fight it out on the final ballot.

### THE TURNPIKE QUESTION.

Fiscal Court in Session To-day Trying to  
Effect a Settlement of the Matter.

A committee from the Fiscal Court and a committee from the City Council were in conference nearly all day Saturday trying to effect a settlement of the turnpike question.

The companies submitted a proposition which, however, was not satisfactory, and a counter proposition was finally drawn up. This last proposition is satisfactory to the committee from Council and Judge Newell called the Fiscal Court together to-day to submit this to the companies.

It remains to be seen whether they accept it. If they do it means an early settlement of the matter.

# Force of Habit

Is the cause of some people dealing at a place for a long time without looking around, so that they never see the good values offered by others. Now look to your own interest, for once, and the next time you want to buy any Clothing, see if the many assertions made by Martin & Co. that they sell the best Clothing at the lowest possible price in Maysville is true or not. We handle three grades of Clothing. First—GOOD. This grade is for honesty of work, wear and color. Second—BETTER. This grade embraces the first and is more suitable for business office and Sunday wear. Third—BEST. Embraces all the best qualities that can be put in the make up of Clothing and comes a little high, but not too high for the best. Men's and Boys' Summer Coats, 25c.

## THE BEE HIVE

20 Cent  
Fancy Piques at 12 1-2c.

This is occasioned by a fortunate mid-summer purchase. You'll find these are the Piques you have been paying 20c. to 25c. a yard for. They come in all the latest and most stylish stripes, figures and dots, with either white or colored backgrounds. They'll sell quickly, and the first comers will be the fortunate ones. Remember the price 12 1/2c. instead of 20c.

Wee Prices  
on Men's Summer Shirts.

Had these arrived sooner, we would have sold 'em out at regulation figures. But they were delayed, and we've marked 'em at late-in-the-season prices. Silk bosom Shirts, the regular 75c. kind, at 50c.; a splendid Percale and Madras Shirt, soft bosom with two detachable Collars, cuffs attached, 39c. and 45c. instead of 50c. and 75c.; a great bargain in a colored laundered Shirt, with one pair detached cuffs, never sold under 50c., our price 39c.

Some Great  
Bargains in Wash Silks.

We have taken the pruning knife to our great stock of Wash Silks, and in consequence prices have taken a tremendous tumble. That beautiful lot of Japanese Silks in exquisite Plaids and Checks that were marked 59c. are now priced at 39c.; the 35c. kind have been reduced to 19c.

### MRS. ELIZA RICHESON.

Death of One of Maysville's Noble Christian Women Saturday Evening After a Lingering Illness.

Mrs. Eliza Richeson, whose critical illness was mentioned last week, died Saturday evening between 5 and 6 o'clock at the family residence on West Third street. She had been a patient sufferer for a number of years with a complication of diseases, and for several weeks had been rapidly failing.

Mrs. Richeson was a daughter of Wilson and Ann (Wood) Coburn, and was in her seventieth year. She was the last of a family of six children. Her father was in his day one of Maysville's prominent and successful physicians; her mother was a sister of the late Dr. William Wood.

Five children survive her—Mr. Wilson Richeson, of Chicago, Mrs. Anna Sutherland, of Winchester, Misses Sue and Mamie and Mr. Ed. Richeson of this city. Her husband, the late John Richeson, was for many years prominently identified with Maysville's business interests.

The passing away of this estimable woman, who represented for many years in this community a class now almost extinct, leaves a void in our society which in many respects can never be filled. She perfectly illustrated through years of experience that almost reached the scriptural limit, the wonderful influence of personal charm upon social life in all its intimate and familiar relations. As a daughter, as a wife, as a mother she was

a model for the society which paid a lifelong homage to her strong personal character and her fine social gifts.

She was the idolized friend of successive generations and each as it arose bore testimony to the perpetual vividness of a personality that lost with advancing years nothing of its youthful charm. It is almost instinctive with generous natures to speak well of the dead; and yet here, where no honest eulogy would be counted excess, one is obliged to respect the fine susceptibility of a friend who even in life shrank with a certain inbred delicacy from the tributes of personal praise.

Brief funeral services were conducted at the residence at 11 o'clock this morning by Rev. Dr. J. C. Molloy, assisted by Rev. Dr. Waller, after which the remains were laid to rest in the Maysville Cemetery.

### TERRIBLE COST

Of Lives and Money of McKinley's War of Conquest in the Philippines—But Little Accomplished.

[New York World.]

The Philippine war has cost the Government to date \$63,000,000 in money and 664 men.

Besides, about 6,500 soldiers have been wounded and many times that number have been made invalids.

Yet the war seems no nearer an end than it was months ago. The Americans control less than 100 square miles of territory and are rapidly losing the little they possess.

An army officer returned from Manila made the astounding statement to-day that 80 per cent. of the soldiers in the Philippines will get pensions for dysentery and other intestinal complaints.

An officer of high rank, well qualified to speak, estimates that the war is costing the Government about \$280,000 a day. When the entire 35,000 men are in the Philippines the daily cost will exceed \$300,000.

This estimate does not include the extra cost of the naval forces, which will amount to \$1,370,000 for the 137 days of the war over and above the normal cost of maintaining a squadron on the Asiatic station.

The World correspondent was informed to-day that the expenditures for transporting troops, equipment, supplies, subsistence, maintenance of the navy and the payment to Spain of the \$20,000,000 indemnity and other incidental costs will foot up not less than \$200,000,000, with the probabilities that this sum will be largely augmented by indefinite campaigning.

This enormous cost has practically resulted in no material gain for the United States. The Americans have outposts strongly entrenched as far north as San Fernando, to the south twenty miles, and to the east about seven miles. This is not a continuous line, as the rebels often break through.

From this it will appear that the military jurisdiction of the United States is nil in the Philippines except in the immediate vicinity of Manila. It does not extend even as far as did that of the Spanish forces.

The Cincinnati Leaf Tobacco Warehouse Company in its circular for the week has the following:

The offerings in our market the past week were larger than they have been for two or three months, and prices were fully as good as when we last reported. There was a larger proportion of rejections, but this was in consequence of a larger proportion of the better grades being offered, with reference to which it is the same old story. Prices are much lower than those on other grades, by way of comparison, and hence the rejections were principally in these goods. Red tobacco was strong, as were also color low grades and mediums.

Buyers were in full attendance and bid liberally, so that there was less than the usual fluctuation in prices.

Receipts have been larger than the sales during the last few weeks, but there is, as yet, very little increase in stocks and it looks now that there will not be the usual accumulation at any time during the year. The outlook would certainly be very encouraging were it not for the lessened competition caused by the manufacturers' combination.

It is, of course, too early to estimate the size of the new crop, but the planting justifies the expectation of at least an average yield. It has a good and early start and is generally reported as doing well.

In some Swiss valleys the inhabitants are all afflicted with goitre or "thick neck." Instead of regarding this as a deformity they seem to think it a natural feature of physical development, and tourists passing through the valleys are sometimes jeered by the goitrous inhabitants, because they are without this offensive swelling. Thus a form of disease may become so common that it is regarded as a natural and necessary condition of life. It is so, to a large extent, with what are called diseases of women. Every woman suffers more or less from irregularity, ulceration, debilitating drains, or female weakness, and this suffering is so common and so universal that many women accept it as a condition natural and necessary to their sex. But it is a condition as unnatural as it is unnecessary. The use of Dr. Pierce's Favorite Prescription strengthens the delicate womanly organs and regulates the womanly functions, so that woman is practically delivered from the pain and misery which eats up ten years of her life—between the ages of fifteen and forty-five. "Favorite Prescription" makes weak women strong and sick women well.

## At Ruggles Camp Grounds,

TUESDAY, JULY 4.

At 10 a. m. the following privileges will be let to the best bidder:

Hotel, Confectionery, Stable, Baggage Room and Barber Shop.

The board reserves the right to reject any or all bids.

The meetings on these beautiful grounds will be held beginning July 27th closing August 6th. Eminent divines will be present. Rev. W. B. Collins, D. D., of Louisville, Ky., and Rev. D. H. Moore, D. D., of Cincinnati, Ohio, will preach on the Sundays, and the ministers of the Ashland and Covington districts will also be present. Splendid singing in charge of a competent leader will be a feature. A splendid addition has been made to the hotel, giving ample accommodation to all. The promenade grounds have been extended, a new stable built and many other improvements made. The grounds are beautiful, and, best of all, there is an abundance of pure water—two large cisterns, three wells, one of which is 150 feet deep, the water of which we have had analyzed, and it contains the following medicinal properties: Total solids, 3.6 to the liter; soluble salts, 3.16 to the liter; consisting of chlorides and sulphates of magnesium, sodium and potassium; insoluble salts, 0.44 to the liter; consisting of calcium carbonates with traces of iron.

The meetings will be in charge of Revs. G. R. Frenger and J. G. Dover, Presiding Elders of the Covington and Ashland Districts.  
Any one desiring cottages write
